*Last year BSc and MSc enrollments increased slightly. In addition, LT government grants for students will decrease in 2016. Given the shrinking market and uncertainties regarding the effect of public reaction to changes at ISM (Kaunas campus closing and ownership), we propose that tuition remain the same as in 2015. We believe this will lend some stability and credibility to the image of ISM over the short term by limiting any potential negative publicity – specifically given recent press release that changes would not be forthcoming to ISM related with the change in ownership.
